2. TITLE 2

In this section you can see example for inserting equation, center alignment.

$$(a + b)^2 = a^2 + 2ab + b^2 \quad (1)$$

CONSLUSION

In the conclusion part we will explain you how to insert Reference/citation in **APA style**. How to insert biibliography referecnes lool on following link: <https://www.youtube.com/watch?v=kEdpjsOEVVc>

When quoting a source, the key part of the reference, part of the sentence, is taken by opening the quotation marks at the beginning of the quote and closing it at the end of the downloaded part, and then putting a footnote with details about the source.

Never download entire sentences, sections or pages.

Please note that this is necessary in order not to create a high percentage of plagiarism during Software Authorship Verification
